

## Continuing Education Opportunity

# BETTER™

### Are you interested in chronic disease and prevention and screening?

BETTER Prevention Practitioner™ training is Mainpro+ accredited by the College of Family Physicians of Canada and offers ongoing learning opportunities for Health Professionals.

The purpose of this virtual training is to enhance the skills of the Health Professional in the area of chronic disease prevention and screening through role-playing, patient cases and use of the BETTER tools.

**Participants will receive 11 hours of continuing education credits.**

Training is IDEAL for Health Professionals and learners linked to primary care, public health, workplace wellness program, or individuals wanting to gain a better understanding of primary prevention and screening for cancer, diabetes, cardiovascular disease, and their associated lifestyle factors.

**Registration fee is \$450 CAD plus tax per person\***

Includes: training materials, access to our online learning platform, and membership to a Community of Practice upon successful completion of training.
